

ENERGY STAR® Certified HVAC Equipment Rebate Application Form

The HVAC Program provides rebates for the installation of high-efficiency HVAC equipment to Pennsylvania residential customers of Duquesne Light Company. **To verify SEER and SEER2 eligibility please visit www.ahridirectory.org.**

For rebate processing mail to: **Duquesne Light Rebates 16350 Felton Road Lansing MI, 48906.** To review the status of your application please e-mail DLC.REEP@clearesult.com or call 1-866-787-5237.

REQUIRED FOR PROCESSING

1. Purchase and install a qualifying product where there is an active, residential meter using Duquesne Light Services.
2. Review the Terms and Conditions on the bottom of this application and sign the Acceptance of Terms below.
3. Mail this completed and signed application with the following supporting documents to the address noted above:
 - a. A copy of your most recent Duquesne Light Utility bill. Please include all pages so your supplier agreement ID can be confirmed.
 - b. Itemized receipt/invoice that shows retailer/contractor name, address, phone number purchase and/or install date, quantity size, description, manufacturer, model, purchase price, and proof of payment.
4. **IMPORTANT:** Photocopy your entire submission for your records.
5. An Air Conditioning, Heating, & Refrigeration Institute (AHRI) certificate, including model number, capacity, and efficiency performance ratings. All minimum efficiency ratings must be met to qualify for rebate

ENERGY STAR® Certified HVAC Equipment Rebate Application Form

Acknowledgement

By signing this application, I agree to the terms and conditions of this document and certify that the information I have provided is true and accurate. I have uploaded applicable savings calculators; and major measures installed into online portal or included in paper application submission.

Contractor	Signature:	Date:	Print Name:

HVAC Equipment Terms and Conditions

1. Equipment and services must be purchased and installed between June 1, 2021, and May 31, 2026.

2.. Rebate application must be submitted within 90 days of HVAC installation date and be postmarked or submitted online by June 6, 2026. Must submit one rebate application form per unit.

3.. It is the responsibility of the customer to assure that all requirements for the rebate are met. Failure to provide any of the required information will prevent processing of your application.

4. Rebate payments are based on the equipment installation date. Customers must abide by the rules and rebate levels in effect on the date of installation. Rebate levels cannot exceed the cost of equipment.

5. Purchase must be of a qualified high-efficiency electric central air conditioner, heat pump, geothermal heat pump or ductless mini split heat pump as defined in the table on this rebate application form. Both the condenser and coil/indoor unit must be replaced and installed as a matched set as defined by AHRI.

6. HVAC system must be rated in the AHRI database. AHRI certificate must include all installed components, as stated on invoice. Values stated on AHRI certificate must meet minimum program qualifications. For example, a condenser may have an "up to 15 SEER" rating, but when matched with a compressor and furnace, the system may only reach 14.5 SEER as determined by AHRI. Ask your contractor for more details. AHRI ratings for individual components of a system will not be considered valid. **Existing furnaces cannot be listed on the AHRI Certificate.** System must provide domestic space heating and cooling only.

7. System must provide domestic space heating and cooling only.

8. Duquesne Light and/or their designees including program administrators and evaluation contractors reserve the right to review installations to verify completion and measure energy savings to ensure compliance with all program requirements. Such reviews will be made at a time convenient to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.

9. Program procedures, requirements and rebate levels are subject to change or cancellation without notice and are subject to available program funds.

10. Payment will be issued by check and to the account holder at mailing address on record with the utility or to submitting contractor as assigned by customer through their signature on this rebate form.

11. Please allow a minimum of 30 days from the date all required information is received to process your rebate(s).

12. Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.

13. Your rights to this rebate cannot be assigned or transferred. Excessive submissions constitute fraud and may result in federal prosecution under the U.S. mail fraud statutes (Title 18, USC 1341 and 1342). All submitted materials become the property of Duquesne Light and will not be returned.

14. Duquesne Light, their parents, subsidiaries, affiliates, officers, employees, contractors and agents assume no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the contractor. 16. The customer hereby agrees to indemnify, defend and hold harmless, Duquesne Light utilities, their parents, subsidiaries, affiliates, officers, employees and agents from any and all liability associated with this project.

15. I understand that I may be contacted by Duquesne Light via survey or questionnaire to provide feedback on my satisfaction with the program.

16. By submitting this application, customer agrees to the terms and conditions of this document and certify that the information I have provided is true and accurate.

17. By submitting this rebate application, you acknowledge Duquesne Light Company the right to audit this application and if requested, you will allow a representative from Duquesne Light reasonable access to verify installation of qualifying product.
